

Three Little Pitties Transport: Adoption Coordinator Option

For help placing cats & kittens with out of state adopters

Thank you for being this animal's advocate. It's easy to look the other way, but you didn't. Take a moment to celebrate the part you have played in saving a life.

If the following applies to you, you may be a good fit for the CAT adoption coordinator option:

:

- You have a cat that is friendly (not feral) in foster or a shelter.
AND
- This cat is already spayed/neutered and fully vetted with vaccines and deworming
AND
- You are willing to drive the cat to an additional vet visit prior to transport night in order to acquire a separate health certificate from a State of Washington approved, USDA certified veterinarian (not required for cats that are FIV-)
AND
- You are able to send 5-10 clear, high quality photos and video clips that show the cat's personality
AND
- You are willing to accept personal liability for any medical needs or care that the cat needs between now and transport day

How to Book Your Spot

1. Step 1: Fill out this [form](https://forms.gle/Bb8ZDibnwChKn9nV6) (https://forms.gle/Bb8ZDibnwChKn9nV6)
2. Step 2: Within 72 hours send ONE EMAIL PER CAT (or one email for a litter of kittens under 12 weeks) containing ALL of the following to whitneydeanne@gmail.com. This must be a NEW email, not a reply, and must have a subject line of “[Cat’s Name] Transport Record-FELINE- Adoption Coordinator Request”
 - a. A clear, in the light, close up photo of cats
 - b. Scanned or photographed copies of any records
 - c. For every cat over 6 months you will also need proof (vet records, shelter records, or IDEXX snap test photo) of a negative “combo test” (FIV-FeLV test) from the last 30 days.
3. Please wait 72 hours after the completion of both steps for a reply.

Once the dog has been adopted, please make arrangements to bring your animal and all of their printed medical records to Sienna at 6 Vet Clinic (8790 Hwy 6, #100, Missouri City, TX 77459) at 6:45pm on the night of your travel date. Plan to stay for 60-90 minutes to complete the health certificate and properly load the van.

If you prefer the adoption coordinator option please note:

1. The adoption fee will cover the cost associated with travel and you will not owe \$50.
2. If a cat arrives to an adopter and due to undisclosed behavior or medical issues must return to Texas, you will at that time be charged \$100 for the round-trip expense and will be blocked from sending animals until this payment is collected. If you fail to reclaim the animal we reserve the right to take it to a shelter if needed.
3. If a cat arrives to an adopter and due to disclosed behavior issues is surrendered by the adopter, the adoption coordinator will partner with the adopter and our no-kill shelter partners to find the best option for rehoming the cat.
4. **If your coordinator says that for any reason they do not feel comfortable adopting out this cat, we will be unable to help further.**
5. If you prefer this option, please select “I want to work with an adoption coordinator” form the GoogleForm and also include a sentence stating this in the body of the email for outlined under “How to Book Your Spot” step 2.
